Subject: Grant Opportunity Now Available: World Language Advancement and Readiness Program, Fiscal Year 2021

Dear Partners,

I am happy to announce that the Funding Announcement for our World Language Advancement and Readiness Grant Program is now available on [grants.gov](https://www.grants.gov/web/grants/view-opportunity.html?oppId=331931): <https://www.grants.gov/web/grants/view-opportunity.html?oppId=331931>

To advance the lives of our military-connected students, DoDEA relies on one true vision: "Excellence in Education for Every Student, Every Day, Everywhere." The grant program beautifully showcases this vision in so many ways. Through our grant program we are building partnerships with public schools and other community organizations that will help military connected students be college and career ready. In this effort, this year we have been provided the opportunity to share resources with school districts to establish, improve, or expand their world language programs targeting elementary and secondary students in order to enable successful students to achieve advanced levels of language proficiency. The attached funding announcement provides additional details regarding the competition. Please remember to visit the [grants.gov](https://www.grants.gov) website link above for application.

Please share this opportunity as appropriate.

Applications are due Friday, May 7, 2021. A technical assistance webinar will be held April 1, 2021. Webinar information is included in the attached announcement. If you have questions, please email dodeagrants@dodea.edu.

My sincere thanks for your continued support,
